This policy is reviewed and updated annually to ensure that non-examination assessment at Wrekin College are planned for and managed in accordance with current requirements and regulations and reflects centre practice.

References in this policy to NEA/NEA VTQ and ICC refer to the JCQ documents **Instructions for conducting non-examination assessments** (GCE & GCSE specifications)/(Vocational and Technical Qualifications) and **Instructions for conducting coursework**.

Introduction

(GCE & GCSE) Non-examination assessments measure subject-specific knowledge and skills that cannot be tested by timed written papers.

There are three assessment stages and rules which apply to each stage. These rules often vary across subjects. The stages are:

- task setting
- task taking
- task marking (NEA 1)

The regulator's definition of an examination is very narrow. In effect, a non-examination assessment (NEA) is classified as any type of assessment that is not:

- set by an awarding body
- designed to be taken simultaneously by all relevant candidates at a time determined by the awarding body, and
- taken under conditions specified by the awarding body (including conditions relating to the supervision of candidates during the assessment and the duration of the assessment)

'NEA' therefore includes, but is not limited to, internal assessment. Externally marked and/or externally set practical examinations taken at different times across centres are classified as 'NEA'. (NEA, Foreword).

Purpose of the policy

This policy confirms the JCQ requirement that Wrekin College has in place for inspection that must be reviewed and updated annually, a written policy regarding the management of non-examination assessments including controlled assessments and coursework, which includes how candidates' work will be authenticated with reference to the JCQ documents *Instructions for conducting coursework* and *Instructions for conducting non-examination assessments*.

Awarding bodies require each centre to have a non-examination assessment policy in place to:

- cover procedures for planning and managing non-examination assessments
- define staff roles and responsibilities with respect to non-examination assessments
- manage risks associated with non-examination assessments
- detail how candidates' work will be authenticated

Each year, as part of the annual declaration, the head of centre must confirm that a policy regarding the management of non-examination assessments is in place which is reviewed and updated annually by a member of the senior leadership team and communicated within the centre.

The JCQ Centre Inspection Service may ask the head of centre to confirm that a policy is in place. The guidance provided in this document will help the head of centre to ensure that the centre's policy is robust and fit for purpose. (NEA 1)
